

PSAB Classroom Training

All PA Municipal Governments are invited to participate.

Municipal Budgeting: Tools and Techniques

Don't miss your chance to learn new tips and best practices for preparing and developing your budget, from start to finish. A budget is one of the most important documents a municipality develops and approves on an annual basis. It is a document that acts as policy, guide and communicator of priorities for appointed staff and the public alike. Review will include: developing a budget calendar, determining fee schedules, structuring spreadsheets and narratives plus the importance of developing and coordinating the use of a capital budget with operational budgets to better stabilize tax rates and keep your community on the right track.

2018 Newly Elected Municipal Officials Boot Camp (18 Locations)

This course is developed for all elected and appointed municipal officials.

Welcome to public office! As an elected official, you'll enact ordinances and resolutions, adopt budgets and levy taxes, guide the future growth of your community and respond to a wide variety of citizen ideas and concerns, all while staying on top of the latest state laws and regulations. The opportunities are great, but so are the complexities of being a local government official. This 2-day workshop will give you an overview of the basics – the things you need to know right now – and help you look at the big picture of local government in your community. You'll also learn while sharing information with your peers and take home a wealth of resources to use in the coming year. It's a great refresher for the not-so-new official too, so bring the whole team from your community. **Ask about group discounts!**
