On December 15th the U.S. Treasury issued a new user guide for Non-Entitlement Units of Local Government (NEUs) ARPA reporting. In the guidance, the Treasury established an internet portal on Login.gov which boroughs must register their account information before submitting reports. The first ARPA report will be due on April 30, 2022.

To find out more information on how to access the new ARPA portal, please visit their website. You should be receiving an email from U.S. Treasury with more information on how to setup your account. To view a copy of the recently released NEU Report User Guide, please click here.

If you have questions on this or other ARPA issues, please e-mail Ron Grutza, Senior Director of Regulatory Affairs, rgrutza@boroughs.org or contact the U.S. Treasury at SLFRP@treasury.gov
