

## **Director of Public Works**

Butler Township, Butler County (population 17,000+) is seeking a progressive, collaborative Director of Public Works. The position involves supervisory, administrative and professional work in the planning, organizing, directing and supervising of the Public Works and Recreation Maintenance Departments. The person employed in this classification is responsible for the daily operation of the department. This includes environmental, storm sewer, road, traffic control signs, maintenance, projects and programs.

The Director of Public Works is responsible to the Township Manager for all Public Works Department functions, coordinating projects with the Facilities Manager regarding building and grounds maintenance, street maintenance, storm sewer maintenance and construction, and township vehicle maintenance.

Candidates for the position must submit letter of interest, resume, completed application, salary history, and three (3) references to:

Tom Knights, Township Manager, Butler Township  
290 South Duffy Road  
Butler, Pa 16001.

The full job description and application are available on our website at <http://butlertwp.org/employment-opportunities/>.

Candidates offered a conditional offer of employment are subject to a criminal background investigation; physical examination and drug screening. Application deadline is November 1, 2018. Butler Township is an Equal Opportunity Employer.
